

"SORRENTO" Litter Bin

Sheet code: CECL004

Drawing code: AC16010401

Revision: 02_01/10/2015

Designer:
Bellitalia Design Department

Product: Cylindrical litter bin model "SORRENTO", composed by two elements and a central band in between. The litter bin is equipped with an internal bin or bag holder.

Dimensions: diameter: 550 mm;
height: 717 mm;
total weight: 210 kg.
capacity: 36/70 litres;

Material: Both elements can be manufactured using reconstituted natural marble stones, white granite or grey concrete conglomerate. Copper or stainless steel central band. The internal bin is in steel.

Reinforcing: Both elements are steel-reinforced and fitted with bushes that permit its handling through stirrups.

Finishing: All visible concrete surfaces are completely sandblasted and then covered with a transparent anti-decay coating, or, upon request, with nanotechnology and/or anti-graffiti products. The internal bin is treated by a hot dip galvanisation. The copper band is painted with a protective coating for a durable shiny appearance, while the stainless steel band undergoes a satin finish treatment.

Handling: Use appropriate equipment when handling, using internal hooks.

Installation: Simply place on the flooring.
